### SOLICITATION OF PROXIES

The persons named as proxies are Beatriz Blanco and Andrea Young.

All shares represented by properly executed, unrevoked proxies received in proper form and in time for use at the Annual Meeting will be voted in accordance with the directions specified thereon and otherwise in accordance with the judgment of the persons designated as proxies. Any proxy on which no direction is specified will be voted in favor of the nominees to the Board listed in this Proxy Statement and for the approval of the proposals to: (i) have an advisory stockholder vote every (one) year on the compensation paid to the Company's named executive officers; (ii) approve the compensation of the Company's named executive officers; and (iii) ratify the appointment of Baker Tilly US, LLP ("Baker") as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2023, but will not be voted in favor of stockholder proposals (if any) included in this Proxy Statement. If any other matters are properly presented at the Annual Meeting for consideration, the persons named as proxies in a properly delivered proxy card will have the discretion to vote on those matters for the stockholder delivering the proxy card. As of the date we filed this Proxy Statement with the Securities and Exchange Commission ("SEC"), the Board was not aware of any other matters to be raised at the Annual Meeting.

In addition to the solicitation of proxies by use of the mails, officers and employees of the Company may solicit proxies by telephone or facsimile. They will not receive additional compensation for their effort. The Company will request brokerage houses and other custodians, nominees and fiduciaries to forward soliciting materials

to the beneficial owners of stock held of record by such persons and will reimburse such persons for their expenses in forwarding soliciting material. The Company does not anticipate paying any compensation to any other party for the solicitation of proxies.

## VOTING SECURITIES AND PRINCIPAL STOCKHOLDERS

### Outstanding Shares and Voting Rights

Only holders of record of the Company’s common stock, par value \$.10 per share (“Common Stock”), at the close of business on April 5, 2023, will be entitled to notice of and to vote at the Annual Meeting. As of March 31, 2023, there were 4,594,319 shares of Common Stock outstanding. The holders of a majority of the shares of Common Stock issued and outstanding must be present or represented by proxy at the annual meeting to have a quorum. Each outstanding share of Common Stock is entitled to one vote on all matters submitted to a vote at the Annual Meeting, which vote may be given only or by proxy. There are no cumulative voting rights.

Nominees for director are elected if the votes cast for a nominee’s election exceed the votes cast against that nominee’s election.

The affirmative vote of the holders of a majority of shares of Common Stock present, in person or by proxy, and eligible to vote at the Annual Meeting is necessary for the approval of the proposals to: (i) have an advisory stockholder vote every year on the compensation paid to the Company’s named executive officers; (ii) approve the compensation of the Company’s named executive officers; and (iii) ratify the appointment of Baker as the Company’s independent registered public accounting firm for the fiscal year ending December 31, 2023.

Any broker holding shares in “street name” on behalf of a stockholder is required to vote those shares in accordance with the stockholder’s instructions. If the stockholder does not give instructions to the broker, the broker will be entitled to vote the shares with respect to “routine” items but will not be permitted to vote the shares with respect to non-routine items (resulting in a “broker non-vote”). The ratification of the selection of Baker is a “routine” item. The election of directors, the advisory vote on the frequency of voting on the compensation paid to the Company’s named executive officers, the advisory vote relating to the compensation of the Company’s named executive officers, and stockholder proposals, if any, are non-routine items.

Under Delaware law, shares as to which a stockholder abstains or withholds authority to vote and broker non-votes will be treated as present at the Annual Meeting for the purposes of determining a quorum. Proxies marked “Withhold Authority” with respect to the election of one or more directors will not be counted in determining who the six persons are who received the greatest number of votes in the election of directors. Proxies marked “Abstain” with respect to (a) the ratification of the appointment of Baker as the Company’s independent registered public accounting firm for the fiscal year ending December 31, 2023; (b) the advisory vote on the frequency of voting on the compensation paid to the Company’s named executive officers; (c) the advisory vote relating to the compensation of the Company’s named executive officers; or (d) stockholder proposals (if any) that are properly presented at the Annual Meeting, will have the effect of a vote against approval or ratification with respect to such proposals.

### RELATED PARTY TRANSACTIONS

The Company has adopted a written policy for the approval of "related party" transactions. Under the policy, related parties are defined to include executive officers and directors of the Company and their immediate family members, a stockholder owning in excess of 5% of the Company, and entities in which any of the foregoing have a substantial ownership interest or control. The policy applies to any transactions that exceed or are expected to exceed \$50,000 in a single calendar year.

The policy provides that the Audit Committee will review transactions subject to the policy and decide whether or not to approve or ratify those transactions. In doing so, the Audit Committee will make a determination as to whether the transaction is in the best interests of the Company and its stockholders, taking into account (a) the benefits to the Company and its stockholders; (b) the extent of the related person's interest in the transaction; (c) whether the transaction is on terms generally available to an unaffiliated third-party under the same or similar circumstances; (d) the impact or potential impact on a director's independence in the event the related party is a director, an immediate family member of a director, or an entity in which a director is a partner, shareholder or executive officer; and (e) the terms of each transaction. The policy also provides that director and officer compensation that is approved by the Board or the Compensation Committee is exempt from this approval process and will be considered to be pre-approved. The Related Party Transaction Policy can be found on the Company's web site at [www.u-g.com](http://www.u-g.com).

During 2022, the Company paid Ken Globus \$20,000 for consulting services subsequent to his retirement from the Company in October of 2022. Additionally, Mr. Globus purchased a Company owned automobile for \$37,039, which approximated market value at the time of sale.

### Board Leadership Structure

The Company is currently led by Beatriz Blanco. Formerly, the Company was led by Ken Globus, who served as President from 1988 through October 2022. Mr. Globus has been Chairman of the Board since September 2009. The Board is composed of Beatriz Blanco, Ken Globus and four independent directors. The Board has two standing committees composed solely of independent directors: the Audit Committee and the Compensation Committee. The Board also has a Compensation Committee. Historically, only the Audit Committee has a chairman.

The Board does not have a lead director as all of the independent directors have an established knowledge of Company operations and have held leadership positions in their respective professions, both past and present. The independent directors meet in executive session at least twice per year in accordance with NASDAQ guidelines. The Company maintained this leadership structure since its founding in 1942, except that the committees were not established until the 1990s. The Board believes that this leadership structure remains effective for the Company considering its size and its resources, and similar leadership structures are commonly utilized by other small public companies in the United States.

### Affirmative Determinations Regarding Director Independence

The Company's Board has considered the independence of the nominees for election at the Annual Meeting and has affirmatively determined that four of the five non-employee nominees for director: Lawrence Maietta, Arthur Dresner, Andrew Boccone, and S. Ari Papoulias, do not have any material business, family or other relationship with the Company other than as a director, and for that reason qualify as independent under the corporate governance rules of NASDAQ. Ken Globus does not qualify as independent under the corporate governance rules of NASDAQ, due to his former employment with the Company. The

NASDAQ corporate governance rules stipulate that a majority of the Board of Directors must be composed of independent directors, and the Company complies with this rule. Lawrence Maietta does receive compensation as an outside accounting consultant in addition to the fees he receives as a director, which disqualifies him from serving on the Audit Committee. However, the Board has determined that the additional compensation is not material and falls well below the thresholds established by NASDAQ and the SEC for determining director independence for purposes other than serving on the Audit Committee. Beatriz Blanco is not independent due to her status as President of the Company and not due to any other transactions or relationships.

### **Role of the Board in Risk Oversight**

The Board views risk management as a process designed to identify, manage, and control risks that may adversely affect the Company, so that they are appropriate considering the Company's size, operations and business objectives. The Company's risk management policies enable the Company to manage risk within acceptable limits and provide reasonable assurance of optimum corporate performance in the area of risk/return. The Board has ultimate responsibility for oversight of the Company's risk management processes, and discharges this responsibility through regular reports received from, and discussions with, senior management on all areas of material risk exposure to the Company. These reports and discussions include, among other things, operational, financial, legal and regulatory, and strategic risks. The full Board engages with the appropriate members of senior management to enable its members to understand and provide input to, and oversight of, risk identification, risk management and risk mitigation strategies. In addition, the Company's Audit Committee is responsible for evaluating and monitoring financial risks and meets regularly in executive session without management present to, among other things, discuss the Company's risk management culture and processes. While the Board oversees the Company's risk management, the Company's senior management is responsible for day-to-day risk management processes.

### **Section 16(a) Beneficial Ownership Reporting Compliance**

Section 16(a) of the Securities Exchange Act of 1934, as amended (the "Exchange Act") requires the Company's officers, directors and persons who own more than 10% of a class of the Company's equity securities to file reports of beneficial ownership and changes in beneficial ownership with the SEC. Officers, directors and greater than 10% stockholders are required by SEC regulations to furnish the Company with copies of all Section 16(a) forms they file. Based on (i) a review of copies of Forms 3, 4, and 5 and any amendments thereto furnished to the Company during and with respect to the fiscal year ended December 31, 2022 and (ii) any written representations signed by reporting persons that no Form 5 is required, the Company believes that all persons subject to the reporting requirements pursuant to Section 16(a) filed the required reports on a timely basis during and with respect to the fiscal year ended December 31, 2022, with the exception of a Form 3 for Beatriz Blanco (disclosing no transaction) that was inadvertently filed late.

### **Directors Meetings**

During the fiscal year ended December 31, 2022, the Board held four regular meetings. Five directors participated in all four regular directors' meetings as well as the Annual Meeting of Stockholders. Beatriz Blanco, who was appointed President and Chief Executive Officer in November of 2022, participated in one of the regular meetings. Although we have no formal policy about director attendance at the Annual Meeting, the Board's attendance is encouraged.

The Board has a separately designated standing Audit Committee, established in accordance with Section 3(a)(58)(A) of the Exchange Act, to oversee the accounting and financial reporting processes of the Company and to meet and review with the Company's independent auditors the plan, scope and results of its audits. Members of the Audit Committee in 2022 were Messrs. Arthur M. Dresner (the Chairman), Andrew A. Boccone, and S. Ari Papoulias. All of the Audit Committee members are independent as that term is defined in the listing standards of NASDAQ, the Company's stock exchange since March 16, 2009. Under NASDAQ rules, the Board is required to make certain findings about the independence and qualifications of the members of the Audit Committee of the Board. In addition to assessing the independence of the members under NASDAQ rules, the Board also considered the requirements of Section 10A(m)(3) and Rule 10a-3 under the Exchange Act. As a result of its review, the Board determined that the Audit Committee does not have a financial expert. However, S. Ari Papoulias is considered "financially sophisticated" as that term is defined by NASDAQ. Lawrence F. Maietta, a Certified Public Accountant and former member of the Audit Committee, acts as an advisor to the Audit Committee. Mr. Maietta would not be deemed independent for purposes of membership on the Audit Committee. The reason for the absence of a financial expert is that the Board determined that the expense involved did not justify recruiting one, considering Mr. Maietta's presence as an advisor, and the "financially sophisticated" status of Mr. Papoulias. There were four meetings of the Audit Committee held during the fiscal year ended December 31, 2022. All four members of the Audit Committee attended all four meetings; Ken Globus attended three of the meetings as the management representative; and Beatriz Blanco attended one meeting as the management representative. A copy of the Audit Committee Charter is available on the Company's website at [www.u-g.com/corporate](http://www.u-g.com/corporate).

During the fiscal year ended December 31, 2022, the directors who were independent directors of the Company, Messrs. Lawrence F. Maietta, Arthur M. Dresner, Andrew A. Boccone, and S. Ari Papoulias, held two meetings in executive session without the presence of non-independent directors and management in accordance with NASDAQ rules. All of the independent directors were present at both of the meetings.

The Board has a Compensation Committee which was formed in 1999 for the purpose of recommending to the Board the compensation of corporate officers and key employees for the ensuing year. Members of the Compensation Committee are Messrs. Lawrence F. Maietta, Arthur M. Dresner, and Andrew A. Boccone. Beatriz Blanco currently acts as advisor to the Committee representing management. During 2022, Ken Globus acted as advisor to the Committee representing management. The Committee held one meeting in 2022. The Compensation Committee does not have a charter. Neither management nor the Committee has engaged a consultant to provide advice on compensation.

The Compensation Committee meets in March of each year for the purpose of determining the amount, if any, to be paid in bonuses to the Company's employees in April of each year. The bonuses are based on the Company's financial results for the previous fiscal year and are determined either by (a) specifying a bonus pool that is allocated to non-manager employees on a pay-to-pay formula, or (b) specifying a percentage increase or decrease to the previous year's bonuses. Bonuses to managers are determined on an individual basis, based on both individual performance as well as the prior year's financial results. In addition, the Committee determines the amount of any cost-of-living increase for all employees based upon U.S. Department of Labor statistics for the prior year. The bonuses are paid as a single cash payment.

The Compensation Committee does not set the compensation of the Board of Directors. Instead, the full Board acts on recommendations made by the independent directors. In its review of director compensation, the Board considers various factors, such as the compensation of directors in other public companies of a similar size, the time spent by Board and Committee members in their service to the Company, and recent changes that may result in an increase or decrease in the responsibilities or time commitment of a Board and/or Committee member.

The Board does not have a standing Nominating Committee. The full Board fulfills the role of a nominating committee. Final selections are made by a majority of the independent directors. It is the position of the Board that it is appropriate for the Company not to have a separate nominating committee because the size, composition and collective independence of the Board enables it to adequately fulfill the functions of a standing committee. NASDAQ does not require the Company to have a separate nominating committee but does require that Board nominees be selected by either a nominating committee composed solely of independent directors or by a majority of the independent directors. The Board does not have a formal diversity policy, but evaluates the diverse professional and personal backgrounds of individuals when considering potential candidates.

The Board identifies director candidates through a combination of referrals, including by management, existing Board members, and stockholders. Once a candidate has been identified, the Board reviews the individual's experience and background, and may discuss the proposed nominee with the source of the recommendation. If the independent directors believe it to be appropriate, such directors may meet with the proposed nominee before making a final determination on whether to include the proposed nominee as a member of management's slate of director nominees submitted to the stockholders for election to the Board. The Board will evaluate stockholder-nominated candidates under the same criteria as director-nominated candidates. Stockholders wishing to refer director candidates to the Board should do so in writing and they should be delivered to the Board of Directors c/o Corporate Secretary, United-Guardian, Inc., P.O. Box 18050, Hauppauge, NY 11788. The Board has adopted a corporate resolution with regard to the nominating process as discussed above. The Board has no charter for the nominating process.

## **AUDIT COMMITTEE REPORT**

In 2022 the Audit Committee of the Board comprised three directors: Arthur M. Dresner, Andrew A. Boccone, and S. Ari Papoulias. All of the Audit Committee members are "independent" as that term is defined in the listing standards of NASDAQ.

The Audit Committee assists the Board in fulfilling its oversight responsibilities by reviewing the Company's consolidated financial reports, its internal financial and accounting controls, and its auditing, accounting and financial reporting processes generally.

In discharging its oversight responsibilities regarding the audit process, the Audit Committee reviewed and discussed the audited consolidated financial statements of the Company as of and for the year ended December 31, 2022, with Company management and Baker Tilly US, LLP ("Baker") the Company's independent registered public accounting firm auditors. The Audit Committee received the written disclosures and the letter from Baker required by applicable requirements of the Public Company Accounting Oversight Board regarding Baker's communications with the Audit Committee concerning their independence, and discussed with Baker any relationships which might impair that firm's independence from management and the Company and satisfied itself as to the auditors' independence. The Audit Committee reviewed and discussed with Baker all communications

required by generally accepted auditing standards, including Statement on Auditing Standards No. 61, as amended (AICPA, Professional Standards, Vol. 1 AU section 380).

Based upon these reviews and discussions, the Audit Committee recommended to the Board that the Company's audited consolidated financial statements for the year ended December 31, 2022, be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2022 for filing with the SEC.

The foregoing Audit Committee Report does not constitute soliciting material and shall not be deemed "filed" with the SEC, incorporated by reference into any other Company filing under the Securities Act of 1933 or the Exchange Act (except to the extent the Company specifically incorporates this Report by reference therein) or subject to the liabilities of Section 18 of the Exchange Act.

## PROPOSAL TWO

### ADVISORY VOTE ON THE FREQUENCY OF VOTING ON THE COMPENSATION PAID TO THE COMPANY'S NAMED EXECUTIVE OFFICERS

Section 14A of the Exchange Act requires the Company to include in its proxy statement an advisory vote on named executive officer compensation. Section 14A also requires the Company to include in its proxy statement at least every six years an advisory vote regarding the frequency with which the advisory vote on named executive officer compensation should be held. The Board has included in each of its Proxy Statements, beginning with the Proxy Statement for the 2013 Annual Meeting of Stockholders, an advisory vote on named executive officer compensation and currently plans to continue to seek an advisory vote on executive compensation every year. Stockholders will be able to specify one of four choices for this proposal on the proxy card or voting instruction: one year, two years, three years, or abstain.

We are asking you to vote to approve the adoption of the following resolution:

**RESOLVED:** That the stockholders of the Company approve, on a nonbinding, advisory basis, the holding of an advisory vote on compensation paid to the Company's named executive officers, every year.

The Board believes this approach would align more closely with the interests of stockholders by giving stockholders the opportunity to cast a vote regarding the compensation decisions made by the Compensation Committee each year. The Board believes that an annual vote provides the most direct communication and clarity and avoids delays.

**The Board recommends that you vote for "ONE YEAR" as the preferred frequency for the approval of the non-binding advisory resolution of the future compensation of the Company's named executive officers.**

## PROPOSAL THREE

### ADVISORY VOTE ON THE COMPENSATION PAID TO THE COMPANY'S NAMED EXECUTIVE OFFICERS

Pursuant to Section 14A of the Exchange Act, we are including a proposal for our stockholders to vote to approve, on a nonbinding, advisory basis, the compensation of those of our executive officers disclosed pursuant to Item 402 of Regulation S-K in this proxy statement. Stockholders will be able to specify one of three choices for this proposal on the proxy card or voting instruction: for, against, or abstain from the proposal to approve on an advisory basis the compensation of our named executive officers.

Our executive compensation is designed to reward executive performance that contributes to our success and increases stockholder value, while encouraging behavior that is in our and our stockholders' best interests.

We are asking you to vote to approve the adoption of the following resolution:

**RESOLVED:** That the stockholders of the Company approve, on a nonbinding, advisory basis, the compensation paid to the Company's named executive officers, as disclosed pursuant to Item 402 of Regulation S-K.

The stockholder vote on the proposal to approve the compensation paid to the Company’s named executive officers is advisory and nonbinding, and serves only as a recommendation to our Board.

**The Board recommends that you vote “FOR” the proposal to approve the compensation paid to the Company’s named executive officers.**

### Pay Versus Performance Narrative

The Company utilizes corporate performance, specifically annual corporate net income, to align executive compensation with its short and long-term performance. Annual bonuses are determined based on the annual net income of the Company in the corresponding fiscal year. Beginning in 2023, part of the executive compensation program will focus on annual corporate goals and objectives.

### Pension Plans

The Company sponsors a 401(k)-defined contribution plan (“DC Plan”) that provides for a dollar-for-dollar employer matching contribution of up to 4% of each employee’s pay that is deferred under the DC Plan. Employees become fully vested in employer matching contributions immediately. Company 401(k) matching contributions were approximately \$81,000 for the year ended December 31, 2022 and \$80,000 for the year ended December 31, 2021. In 2022, employees were able to defer up to \$20,500 of their annual pay as a pre-tax investment in the 401(k) plan (plus an additional \$6,500 for employees over the age of 50), in accordance with limits set by the IRS. In 2021, employees were able to defer up to \$19,500 of their annual pay as a pre-tax investment in the 401(k) plan (plus an additional \$6,500 for employees over the age of 50), in accordance with limits set by the IRS.

The Company also makes discretionary contributions to each employee's account based on a "pay-to-pay" safe-harbor formula that qualifies the 401(k) plan under current IRS regulations. The Company's Board authorized discretionary contributions of \$109,000 in both November 2022 and November 2021, to be allocated among all eligible employees, for the 2022 and 2021 plan years, respectively. The Company's contribution for 2022 was paid into the DC plan in February 2023, and the contribution for 2021 was paid into the DC Plan in January 2022. The allocated amounts for FY-2022 and FY-2021 were distributed into each employee's account in February 2023 and January 2022, respectively. Employees become vested in the discretionary contributions as follows: 20% after two years of employment, and 20% for each year of employment thereafter until the employee becomes 100% vested after six years of employment.

All the persons named in the Summary Compensation Table above, other than Beatriz Blanco, participated in the DC Plan. All persons who participated were fully vested as of December 31, 2022.

### **Outstanding Equity Awards at Fiscal Year-End**

As of December 31, 2022, there were no outstanding equity awards held by the persons named in the Summary Compensation Table above. The Company's previous stock option plan, which had been adopted in March 2004, expired in March 2014.

From January 1, 2022 to June 30, 2022, in lieu of the retainers and meeting fees discussed above, each non-employee director received a payment of \$35,000 in connection with the Company's efforts to explore strategic alternatives for the Company. In addition, Messrs. Andrew A. Boccone and S. Ari Papoulias received \$10,000 each in connection with the executive search for a new President and CEO for the Company and Messrs. Lawrence F. Maietta and Arthur M. Dresner received \$2,000 each for their contribution to the executive search.

## PROPOSAL FOUR

### RATIFICATION OF INDEPENDENT PUBLIC ACCOUNTANTS

The firm of Baker Tilly US, LLP (“Baker”), headquartered in Melville, N.Y., has been appointed by the Audit Committee of the Board to be the independent registered public accounting firm of the Company for the fiscal year ending December 31, 2023. The appointment of such firm is subject to ratification by the stockholders at the Annual Meeting. Management believes that the firm is well qualified and recommends a vote in favor of the ratification. Representatives of Baker are expected to be present at the Annual Meeting and will have an opportunity to make a statement, if they desire to do so, and will be available to respond to appropriate questions.

Neither the Company’s bylaws nor the governing documents or law require stockholder ratification of the selection of Baker as the Company’s independent registered public accounting firm. However, this proposal is being submitted to the stockholders as a matter of good corporate practice. If the stockholders do not ratify Baker, the appointment of another firm of independent certified public accountants may be considered by the Audit Committee. Even if Baker is ratified, the Audit Committee may, in its discretion, direct the appointment of a different independent registered public accounting firm at any time during the year if they determine that doing so is in the best interests of the Company and its stockholders.

**The Board recommends that you vote “FOR” the ratification of the appointment of Baker to serve as the Company’s independent accountants for the fiscal year ending December 31, 2023.**

### PRINCIPAL ACCOUNTANT FEES AND SERVICES

Baker Tilly US, LLP (formerly Baker Tilly Virchow Krause, LLP) has been the Company’s independent public accountants since March 25, 2019, and audited the Company’s financial statements for the fiscal years ended December 31, 2022 and 2021. It had also been the Company’s independent accountant from 2009 until 2016 and had audited the Company’s financial statements for the fiscal years ended December 31, 2009 through 2015.

#### Audit Fees

The aggregate fees billed by Baker to the Company for the review and audit of the Company’s financial statements for FY-2022 were approximately \$97,000 for FY-2022 and \$90,500 for FY-2021. The Company anticipates that its fee for FY-2023 will be approximately \$105,000.

#### Audit-Related Fees

During 2022 and 2021 there were no fees paid to Baker in connection with the Company’s compliance with Section 404 of the Sarbanes-Oxley Act of 2002.

No other fees were billed by Baker for the last two years that were reasonably related to the performance of the audit or review of the Company's financial statements and not reported under "Audit Fees" above.

**Tax Fees**

There were no other fees billed by Baker during the last two fiscal years for professional services rendered for tax compliance, tax advice, or tax planning. Accordingly, none of such services were approved pursuant to pre-approval procedures or permitted waivers thereof.

**All Other Fees**

There were no non-audit-related fees billed to the Company by Baker in 2022 or 2021.

**Pre-approval Policies for Audit Services**

Engagement of accounting services by the Company is not made pursuant to any pre-approval policies or procedures. The Company believes that its accounting firm is independent because all of its engagements by the Company are approved by the Company's Audit Committee prior to any such engagement.

The Audit Committee of the Company's Board meets periodically to review and approve the scope of the services to be provided to the Company by its independent accountant, as well as to review and discuss any issues that may arise during an engagement. The Audit Committee is responsible for the prior approval of every engagement of the Company's independent auditors to perform audit and permissible non-audit services for the Company (such as quarterly reviews, tax matters, consultation on new accounting and disclosure standards and, in future years, reporting on management's internal controls assessment).

Before the auditors are engaged to provide those services, the chief financial officer and the controller will make a recommendation to the Audit Committee regarding each of the services to be performed, including the fees to be charged for such services. At the request of the Audit Committee the independent auditors and/or management shall periodically report to the Audit Committee regarding the extent of services being provided by the independent auditors, and the fees for the services performed to date.

**ANNUAL REPORT TO STOCKHOLDERS**

The Annual Report to Stockholders for the fiscal year ended December 31, 2022 accompanies this Proxy Statement. The Annual Report contains financial and other information about the Company, but is not incorporated into this Proxy Statement and is not deemed to be a part of the proxy soliciting material.

**STOCKHOLDER PROPOSALS**

Proposals of stockholders for possible consideration at the 2024 Annual Meeting (expected to be held in May 2024) must be received by the Secretary of the Company at the Company's principal executive offices not later than December 8, 2023 and must satisfy the other conditions set forth in SEC regulations regarding the inclusion of stockholder proposals in Company-sponsored proxy materials.

In addition, to comply with the universal proxy rules, stockholders who intend to solicit proxies in support of director nominees other than the Company's nominees must provide notice that sets forth the information required by Rule 14a-19 under the Securities Exchange Act of 1934 no later than March 18, 2024.

**STOCKHOLDER COMMUNICATIONS WITH THE BOARD**

The Board has adopted the following procedure for stockholders to send communications to the Board other than stockholder proposals for consideration at the annual meeting of stockholders which should be submitted to our Corporate Secretary. Stockholders who wish to send communications to directors should refer to the Company's website at: [www.u-g.com](http://www.u-g.com) and direct those communications to Mr. Arthur M. Dresner, Chairman of the Audit Committee, whose email address is posted there. Periodically, all communications sent to Mr. Dresner, but addressed to other Board members will be forwarded to that Board member by Mr. Dresner.

## CODE OF ETHICS

The Company has adopted a Code of Business Conduct and Ethics that applies to all officers, directors, and employees serving in any capacity to the Company, including the Chief Executive Officer and/or President, Chief Financial Officer, and Principal Accounting Officer. A copy of the Company's Code of Business Conduct and Ethics is available on the Company's website at <http://www.u-g.com/corporate>.

## HOUSEHOLDING OF PROXY MATERIALS

The Securities and Exchange Commission permits companies and intermediaries such as brokers to satisfy the delivery requirements for proxy materials with respect to two or more stockholders sharing the same address by delivering a single set of proxy materials addressed to those stockholders. This process, which is commonly referred to as "householding", potentially provides extra conveniences for stockholders and cost savings for companies.

Although we do not intend to household for our stockholders of record, some brokers household our proxy materials, delivering a single set of proxy materials to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker that they will be householding materials to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in householding and would prefer to receive a separate set of proxy materials, or if you are receiving multiple sets of proxy materials and wish to receive only one, please notify your broker. Stockholders who currently receive multiple sets of the proxy materials at their address and would like to request householding of their communications should contact their broker.

## OTHER BUSINESS

Management of the Company knows of no business other than that referred to in the foregoing Notice of Annual Meeting and Proxy Statement that may come before the Annual Meeting.
