United-Guardian Reports Third Quarter Earnings

HAUPPAUGE, N.Y., Nov. 7, 2014 (GLOBE NEWSWIRE) -- United-Guardian, Inc. (Nasdaq:UG) announced today that its sales and earnings for the third quarter and nine-months ended September 30, 2014 were down compared with last year, with third quarter sales down by 26% from \$3,404,227 to \$2,516,620, and nine-month sales down from \$10,984,959 to \$9,456,248, a decline of 14%. Net income for the third quarter decreased from \$1,276,791 (\$0.28 per share) to \$411,426 (\$0.09 per share), and net income for the nine-month period decreased from \$4,183,980 (\$0.91 per share) to \$2,648,452 (\$0.58 per share). On a positive note, the company reported that sales in October rebounded significantly, exceeding the total sales for August and September combined.

Ken Globus, United-Guardian's President, stated, "The sales decreases for the third quarter and the first nine months of the year were the result of both the timing of orders from our largest marketing partner for product it sells to customers in China, as well as the loss of a significant amount of business from one of that marketing partner's largest customers for one of our products. That customer had been using our product exclusively, but now requires that there be a second source for it. This resulted in a significant reduction in its purchases of that product in the third quarter. We have been working closely with our marketing partner to regain some of this business, and an agreement has just been reached between our marketing partner and that customer, which gives the customer incentive to increase our share of its future product requirements."

"Despite the decrease in our shipments of product intended for the Chinese market in the third quarter, the volume of our products that our marketing partner is selling in China has actually increased by 20.5% for the first nine months of 2014 compared with the same period last year. We are optimistic that our sales of product intended for the Chinese market will continue to increase in the fourth quarter."

"Based on the fact that October 2014 was one of our strongest months ever, we are confident that we will end 2014 with a strong fourth quarter. We also anticipate that in 2015 we will begin to see revenue from our new Lubrajel Natural product line, and we will continue to work closely with our marketing partners to expand the sales of our existing product lines as well."

United-Guardian is a manufacturer of cosmetic ingredients, personal and health care products, pharmaceuticals, and specialty industrial products.
